Blood Stock Incentive Information:

The sale is open to quality yearlings, two year old and three year old horses of saddle type. Horses that enter the sale and go through the ring are eligible to return for added incentives at Farmfair International equine events in subsequent years.

As four and five year olds they can compete in the Northlands Barrel Racing Futurity, the Canadian National Team Roping Futurity, and the Snaffle Bit Futurity

The eligibility transfers with the horse, so even if you have sold a horse that horse is still eligible with its new owner.
